Library Chronicles

May 2023

Message from the CEO:

As of April 3rd, Clearview Public Library moved from Overdrive to cloudLibrary for eBook and eAudioBook circulation. Staff have taken training on this new, and better, platform and our website will have instructions available for you. There is no app for PCs and MAC computers. Once you have created an account in cloudLibrary you can borrow items through the website can upload them to your reading device using Adobe Digital Editions. If you do not come into the branches to borrow physical materials, after 2 years you will get an error message and not be able to borrow eBooks. Give us a call and we will renew your membership. Library circulation software does not talk to eBook service provider, so it assumes you are not using your library card.
